

Approved Assessments LLC

Capability Statement

Approved Assessments, LLC (AA) is a **100% Woman Owned Small Business** supporting community organizations and independent therapists serving veterans, public service officers, inmates, and wayward youth. Our patented process delivers a **comprehensive brain assessment** that organizes critical information before the first patient-provider visit. AA works diligently to **reduce the delay of services** for clients while lifting the survey burden from providers. Our tool strengthens the focus on delivering **quality care** rather than data collection. Our approved screenings exceed the American Psychiatric Association and SAMHSA standards by incorporating **whole brain health**, including **suicide screening**. This rich pre-appointment information immediately results in an advanced client-provider relationship.

Core Competencies

- ✓ **Streamlines** the assessment process to facilitate an advanced mental health conversation to **immediately** serve the patient
- ✓ **Minimize treatment delays** by delivering a rich pre-appointment comprehensive brain assessment
- ✓ Complete **Bio-psycho-social** patient history.

Differentiators

- ✓ **More truthful** patient responses due to online collection of sensitive information.
- ✓ Enable more **efficient** use of mental health staff decreasing survey burden and improving outcomes
- ✓ Assesses an individuals **whole brain health**

Past Performances

- Pilot Study at the **Cheyenne River Sioux Tribal Jail** comparing AA to traditional in-person assessments.
- The **University of Tampa Counseling Services** screens each student before the first visit.
- **Douglas County Department of Correction's Officer Prevention Program** screens each officer during training to prevent burnout
- **Wellfully Children's Home** uses AA in all youth to collect the biological, mental, literacy, traumatic, and substance histories for a comprehensive brain report.
- **Emergency Youth Shelter** on Pine Ridge Indian Reservation: Screens all wayward teenagers within days of arrival.
- **Private Therapists** - Screening all new patients reduces no-shows and maximizes implementation of services during first visits.
- **Psychology 201** Class at the University of Tampa: education.
- **Anpetu Luta Otipi**: All tribal members arrested for substance use are screened.
